About the Govt. Arts College, Karur

The Government Arts College, Thanthonimalai, Karur enjoys the fame of being the only institution in the whole district to show the longest academic history and public service. Established in 1966, it has worked its way ahead of other colleges in the matter of offering higher education of remarkable quality and largely to middle and lower income groups. The repute of this town as a textile industrial centre is further enhanced by the performance record of the Government Arts College Karur as it has never once in the recent years lacked a gold medallist. This college is affiliated to Bharathidasan University, Tiruchirappalli. During 2001, the college was accredited with three star status by NAAC. The college was again reaccredited with B+ status by NAAC during 2006-07. Adding to its feather on its cap the college was reaccredited with A Grade status by NAAC during the year 2014-15. The college was conferred Autonomous Status during the academic year 2007 - 2008. Autonomous status was further extended up to 2018-19.

About the Department of Mathematics

The department of mathematics has been started in the year 1967 – 68 affiliated to university of Madras. In the year 1981– 82, the post graduate course in mathematics was started. From 1984 – 85, all courses in this department come under Bharathidasan University. In 2009-10 the department upgraded as a research department by admitting M. Phil. and Ph.D. scholars. Currently 10 staff members are working in the department out of which three faculty

members with Ph.D degree and the emaining are pursuing Ph.D Diverse area of research includes Topology, Fuzzy Topology, Algebra, Fuzzy Algebra, Fuzzy Matrix Theory, Operations Research, etc., The Department organizes workshops and seminars periodically.

Objectives of NCRDPAM 2019

The National Conference on Recent Research Developments in Pure and Applied Mathematics (NCRDPAM-2019) will be held in PG & Research Department of Mathematics, Government Arts College (Autonomous), Karur, Tamil Nadu during 21st – 22nd February 2019. The conference looks for significant contributions in all major fields of Pure and Applied Mathematics. It is a prestigious event organized with a motivation to provide an excellent platform for the leading academicians, researchers, industrial participants and budding students around the nation to share their research findings with renowned experts.

Call for papers

We solicit high quality original research articles in any aspect of pure and applied mathematics. Articles with applications in science, engineering and technology are especially encouraged. Relevant topics include but not limited to:

Real, Complex, Functional Analysis, Graph theory, Stochastic process, Automata theory, Computational fluid dynamics, Fuzzy set theory, Stability analysis, Functional equations, Control theory, Neural networks, Optimization techniques, Dynamical systems, Signal and image processing, Wireless sensor networks, Wavelets

Submission of full paper

Authors should submit their complete manuscript electronically to ncrrdpam2019@gmail.com

Publication

All submitted Papers will be reviewed by the advisory and technical committees of the conference. All the presented and further recommended papers in the conference will be published in the reputed international/ national journals indexed by Scopus / ESCI/ Web of Science/ UGC approved Journals.
