

RESEARCH POLICY

Aims of research policy

To create and support a research culture among its teachers, staff and students.

To enrich and enhance the professional competence of the faculty members.

To develop and promote scientific temper and research aptitudes of all learners; for realising the vision and missions of the college and for contributing to national development.

To facilitate the participation of students in research and related activities and by providing the required resources and appropriate facilities.

To ensuring that the research activities of the college conform to all applicable rules and regulation as well as to the established standards and norms relating to safe and ethical conduct of research.

Scope of the research policy

This policy shall apply to all the researchers of the college for PG students who are doing project work, M.Phil. and Ph.D. scholars and for the purpose of this policy 'researchers' are defined to include.

1. All staff who are active in teaching, research, administration and provision of any form of support to the core functions of the college;

2. All students registered with the college;

This policy shall apply to all the research and related activities of the college and for the purpose of this policy research and related activities will inter alia include.

1. Research activities including basic, strategic and applied research undertaken either for fulfilling the requirements of academic degrees or for solving problems.

2. Scholarly activities intended to expand knowledge boundaries by analysis, synthesis and interpretation of ideas and information by making use of rigorous methodologies

3. Knowledge compilation and communication initiatives for keeping abreast of academic developments in any knowledge domain such as writing of textbooks, chapters of textbooks, monographs; developing/updating curriculum, etc.

4. Creative activities involving the generation of new ideas, innovations, hypotheses, images, performances or artefacts, including design in any field of knowledge which leads to the development of new knowledge, understanding or expertise;

5. Research projects of students undertaken as part of the curriculum or for enriching it

6. Publication, presentation and communication of the research outcomes and related activities.

Objectives of the research policy

To strengthen the institutional capacity for strategic, technical and operational planning, budgeting and control of all research activities of the college

To create and administer a research fund for supporting and facilitating research initiatives and projects of faculty members and students.

To develop rules, procedures and guidelines for granting research support, instituting awards, and supporting all other related activities.
